

# Onboarding ViP term project 2 Ia 2021 W

**ViP** (Visit Plovdiv) Teams of 4-5 work in a shared folder in GD to **develop a Project proposal for a mobile app** to digitally enhance Plovdiv's competitive edge as a tourist destination. You will develop a project proposal during Wk1-Wk8 and will present it to prospective investors at a mock meeting in Wk9 & Wk10. (No actual funding or implementation is involved, of course).

**A.** Pick a **topic** and join a **team** on a FCFS basis. Let's start with the team leaders - people who have experience with team work or who would like to lead a team.

**B.** Once in teams, agree on the **shared workspace** (folder in GD shared among team members) and on the **channel(s) of communication**

	<b>A. Team</b>	Mobile App (tentative titles, negotiable during the first session)	<b>B. Shared Workspace, e.g.</b> Google Drive folder shared with team members & teacher (fmienglish@gmail.com) or the free plan of Trello, etc. + <b>C. Channel(s) of communication</b>

Channels of communication should be inclusive of all team members

Divide the work, then each team member goes through what you have done modifying as necessary as a result of your discussions. There is no need to go into finest linguistic or technical details, of course.

**D.** Shared understanding of the idea behind your project proposal

Brainstorm the need for a mobile app that does not exist

Clarify your idea by answering the questions below.

Questions	Your answers:
1.1 Mobile app idea in a nutshell:	
1.2 App working title (you can finetune it later):	
1.3. Project acronym, e.g. ViPPOT for Visit Plovdiv: Plovdiv Old Town	

**Leaders send their progress reports using [this](#) form (**docx** up to 10 MB with your input for today) by the end of the session.**

Please, turn in your progress reports - 1 per team submitted by the leader or another member as agreed

Theam leaders will be discussion moderators, too.
